Oil Well Pumping (Continued) Rate 52, 52.3					
(Rate Title or Number)	Company Rate Code				
<p><u>CONNECTION CHARGE:</u> Connection or reconnection of an existing service will be made providing the consumer will pay a charge of</p> <p><u>DETERMINATION OF BILLING DEMAND:</u> The billing demand shall be the maximum kilowatt demand established for any consecutive 15 minute period during the month as measured by a suitable demand meter, but not less than the minimum demand specified in the agreement for electric service, but in no event less than 5 kW for single phase installations and 10 kW for three phase installations. Measured demand will be adjusted for power factor as provided below.</p> <p><u>POWER FACTOR ADJUSTMENT:</u> The consumer agrees to maintain unity power factor as nearly as practicable. The horsepower determined above may be increased to obtain billing horsepower if and when the Association deems necessary by increasing the determined horsepower by 1% for each 1% by which the power factor is less than 95% lagging.</p> <p><u>TERMS OF PAYMENT:</u> In the event the current monthly bill is not paid within twenty (20) days from the billing date, it will be delinquent. At that time, each account with a delinquent balance will be assessed a \$10.00 late charge. Bills that remain delinquent at the start of the next billing cycle, will be assessed an interest charge of 1% of the amount unpaid at that time and may also be subject to disconnection for non-payment. However, disconnection for non-payment shall not relieve the consumer of responsibility for the payment of the bill and additional interest penalties shall be added at the beginning of each subsequent billing cycle at the rate of 1% per month.</p>	<table border="1"> <tr> <td style="text-align: center;">RATE \$15.00</td> <td style="text-align: center;">(T)</td> </tr> <tr> <td colspan="2" style="text-align: center;">(T)</td> </tr> </table>	RATE \$15.00	(T)	(T)
